General Trade Stagnant Under Unfavorable Money Conditions-Bad Weather Affects Local Trading.

At New York yesterday money on call was firm at 608 per cent.; last loan, 6 per

Prime mercantile paper, 51/266 per cent. Sterling exchange was weak, with actual business in bankers' bills at \$4.85\/@4.85\/4 for demand and \$4.81%@4.81% for sixty days; posted rates, \$4.821/2@4.82%; commercial bills, \$4.81.

Silver certificates were 58% @ 591/2; bar sil

ver was 59c; Mexican dollars were 471/2c. Bar silver at London rose to 2714d per ounce. The New York stock market drifted rather aimlessly yesterday under the influence of renewed uneasiness over the money situation. A moderate demand for London account lifted prices at the opening and during the course of the day there were isolated movements in a number of individual stocks. But the influence of these demonstrations of strength in spots on the general market was small and the tone was sluggish throughout. Dealings were narrow and wholly professional. The money market rose to 8 per cent. during the day and there was a renewal of the disposition to discriminate against the industrial stocks as collateral. The nominal rate of interest in such cases was eked out by the requirement of extra commission and the margin valuation of the stocks was increased. The offerings of government bonds for redemption at the subtreasury fell to insignificant proportions. New York exchange was notably weak at a number of important domestic centers, falling to 20 cents discount at Chicago, against par Tuesday, and declined sharply at St. Louis and Cincinnati. Persons interested in the money outlook are keeping one eye on the foreign markets. The hardening discounts in London yesterday may be significant of future pressure from that source, though the situation in New York was sufficiently pressing to cause decline in sterling rates, in spite of the London movement. The Paris discount rate held firm at 1/2c above the bank's official rate, giving ground for expectation of an advance to-day in the Bank of France's rate. New York banks have gained \$5,650,000 on subtreasury operations since last Thursday, and yesterday's clearing-house statement showed a debit balance against the subtreasury of over \$2,000,000. These are renections of the government bond redemp tions and give promise of a good showing in Saturday's bank statement. The proceeds of the bond redemption have not afforded any great relief to the speculative world and the market is disposed to await further developments. Small net gains are the rule on the day and a few stocks show notable advances. General Electric gained 31/2 and Cleveland, Cincinnati, Chicago & St. Louis 2%. Baltimore & Ohio rose over a point and the coalers showed some strength. The Chicago, Indianapolis & Louisville stocks, the Chicago Terminal stocks, the Rio Grande Western stocks, the Buffalo, Ro-

of a point are shown by a number of inconspicuous stocks. There was realizing in some of the bonds of the speculative grade, but very good absorption at some other points. Total sales, at par value, were \$2,375,000. United States twos advanced 16 and the threes and old and new fours 16 in the bid price. The Stock Exchange will be closed Saturday out of respect to the late Vice Pres-Following are the day's share sales and the closing bid prices:

LOCAL GRAIN AND PRODUCE. Unseasonable Weather Is Curtailing

Trade Somewhat. The wet weather is unfavorably affecting busicept on poultry, hens and chickens being dull and weak at the reduced quotations of Tuesday. Some descriptions of hog products carry an easier tone. In groceries, dry goods, drugs, hardware, hides and leather the tendency is to higher prices. The seed market is active, with prices unchanged. On Commission row trade is more quiet, which is attributed to the mild weather. Cabbage is in better supply and weaker. In fact, all vegetables rule easy at prices quoted. The local grain market is rather quiet and re-

ceipts are moderate. Prices on the track yesterday, as reported by the secretary of the Board of Trade, ruled as follows: Wheat-No. 2 red, 66c; No. 3 red, 62@65c; No-

CLOSES AN EIGHTH TO A QUARTER HIGHER ON THE DAY'S TRADING.

Wheat Drops a Few Points, Oats Are Unchanged and Provisions Shade Off Two and a Half Cents.

CHICAGO, Nov. 22.-Wheat was firm early, with Liverpool, but weakened on liberal receipts and report of a large shipment from Duluth to this port, closing 40%c under yesterday. Corn, influenced by heavy clearances and interruption of the movement, closed 1/40 higher for December; May unchanged. Oats closed unchanged

and provisions 21/2c lower. Wheat failed to hold its own to-day. The opening-December at 674@67%c and May at 711/20711%c-was a gain of 1/201/4c over yesterday's close. Cables were higher, and to this the early strength was mainly attributable. Business was mostly in the hands of professionals, and changing of December and May contracts, which made up a large proportion of trades, was within a range of 1/2c, as was all other business in wheat. Around opening figures the market fluctuated narrowly for half the session. Then it weakened and there was considerable liquidation of both December and May. A report that Duluth had boats loaded with 250,000 bushels for this port was a factor in the weakness. December sold down to 66%c and May to 71%c. December closed 14@ se lower, at 66%@67c, and May 1/2c under yesterday's final figures, at 711/c. Primary receipts were 749,849 bushels, compared with 1,076,955 last year. Northwest receipts were 634 cars, against 681 last week and 328 a year ago. The Northwest 1898 receipts were curtailed by a blizzard. Local receipts were forty-seven cars, nineteen of contract grade. New York reported twenty-five loads taken for export. Atlantic and gulf port clearances in wheat and flour were equal to 539,-

600 bushels. Corn was steady. Rains were reported in the growing belt and cables were higher, facts which encouraged purchasers to take in all offerings at figures a bit over yesterday's closing prices. Clearances were enor-5-lb bags, 5.32c; granulated, 2-lb bags, mous-1,000,000 bushels. Receipts were 141 cars here, and country offerings were small The cash demand was poor. December ranged from 32% to 33c, closing 1/601/4c higher, at 32% @32%c. May sold from 33%c to 33% @33%c and closed unchanged at 331/2c. Oats held their own, though the trade was very dull. The strength of corn and the curtailing of the movement by wet weather were influences. The export demand was Clearances were 126,000 bushels. Receipts here were 133 cars. December ranged from 231/8/0231/4c to 23%c, closing a shade lower at 231/8/0231/4c. May sold from 24%c to 241/2c and closed 1/3c under yesterday, at

Provisions were barely steady, the only incident being the retaking of a line of pork, presumably to replace some sold several weeks ago at higher prices. Initial prices were a bit up on the firmness of grain, particularly corn. Fluctuations were narrow and the close at a loss of 2/2c on all January products. January pork closed at \$9.50. January lard at \$5.10 and January ribs at \$4.921/2@4.95. Estimated receipts to-morrow-Wheat, 50

BOSTON, Nov. 22.-The American Wool and Cotton Reporter will say to-morrow: The wool market continues excited. Prices are steadily advancing towards a higher level, and as quotations arise the more intense seems to be the eagerness of many to buy. A tremendous business has been transacted, the sales of the week aggregating over 13,000,000 lbs, which has been pretty well distributed among consumers, speculators and members of the trade, many of whom are compelled to buy in the open market in order to attend to the needs of their customers. The markets abroad continue to display a hardening bourne some of the very best stock has been disposed of at prices which mean \$1 per pound, clean, landed in Boston. The active demand for quite probable that importations will result. During the past week carpet wools have apparently begun to share in the activity noted other grades. Carpets have opened at advanced prices and large purchases have been made. The sales of the week in Boston amounted to 12,973,000 total of 13,743,000 lbs, against a total of 16,317,776 lbs for the previous week, and a total of 3,879,000 lbs for the corresponding week last year. Sales since Jan. 1, 1899, amount to 314,067,576 lbs. against 118,610,010 lbs last year at this time.

Have we forgot, so soon, so soon,

The all we strove for night and noon? Have we forgot so soon-too soon-That which we bled for, moon till moon? Have we forgot how we arrayed To save poor Cuba-overlaid With dearth of war-the pow'r which stayed-Have we forgot ours was the aid Which broke the thrall of Spain and made The gains achieved worth what was played? Have we forgot-have we forgot?

Did not end all-that want and woe Keep upper-hand? We still must know That need is there and will not go. Our work the times will not accept, Till full-complete our vow is kept. Until that's done there is no meed For justice yet is fate's one creed. Half done is worse than no attempt, And we can only be exempt When we have swept from sea to sea That isle of death and misery. week and 175 the same time a year ago. A

enough to cause any unusual interest among

buyers; in fact, the offerings were a mixed

lot compared with last week. From the

start there was a very indifferent feeling

among buyers and the bidding was unrea-

sonably lower than last week. Salesmen

were inclined to be independent at the start,

but it was soon evident that sharp conces-

sions would have to be made before a clear-

ance could be effected. Consequently, after

a trading basis had been established, the

offerings moved more promptly and at a

late hour a very good clearance had been

made. In some instances high-class horses

were considered fully \$20 per head lower,

and the decline generally for all common to

medium and pretty good animals was \$10@15
